

MGAM Limited

PRODUCT OVERSIGHT AND GOVERNANCE  
GOODS IN TRANSIT COMBINED PRODUCT PASSPORT 2022

## PURPOSE OF THIS DOCUMENT

To explain the identified target market and the expected distribution strategy for each product manufactured by MGAM Limited (MGAM), and our capacity partners. It also outlines our approach to Product Oversight and Governance (POG) to demonstrate how we design, monitor and review our products to ensure they continue to provide fair value and meet the demands & needs, characteristics and objectives of the target market including vulnerable customers.

## PRODUCT OVERSIGHT AND GOVERNANCE

MGAM's Product Governance Policy sets out the approach that MGAM is required to implement to achieve fair value and good customer outcomes. MGAM's aim is to maximise the long-term value of our business but not at the expense of the fair expectations of our customers. The Senior Management Team is committed to enabling and supporting appropriate decision making so that the targets and aspirations the business sets at the top arise from good outcomes achieved for our customers.

The extent to which POG applies depends largely on whether a firm is a manufacturer, a distributor or possibly both.

A "manufacturer" is a firm which is involved in 'designing, developing, creating and/or underwriting' which covers activities prior to the insurance product being approved for marketing and distribution, and on a continuing basis after such approval.

A "distributor" is a firm that distributes and/or recommends insurance products and services to clients.

Primarily where MGAM acts under a delegated authority, MGAM is a co-manufacturer in that we work in partnership with insurers on the manufacture of non-investment insurance products.

- We identify, define and assess our target markets at an appropriate level, based on the nature and complexity of our products including assessment of the impact to vulnerable customers.
- We undertake appropriate testing of our new products before launch, to make sure they meet our customers' needs and provide fair value.
- The design and performance of all our new, existing and legacy products are subject to regular assessment and review to ensure products provide fair value and that there is a continuing customer-centric focus, achieving good customer outcomes.
- The features, nature and complexity of our products are carefully matched to our intended distribution channels to ensure they reach our identified target market.

## TARGET MARKET AND FAIR VALUE STATEMENTS

Target Market and Fair Value Statements provide information about all MGAM products distributed. This includes:

- The main features, mandatory and optional covers pertaining to our products.
- Key Exclusion / Conditions
- Who our products are designed for and who they are not designed for
- How our products should be distributed
- The complexity of our products
- How to ensure that our product provides fair value to customers as intended

The target market for this product are for trades operating in the logistics industry as Couriers transporting and multi drop delivering goods and products around the country. Short term 30, 60 &amp; 90 days cover available for policyholders purely working for distribution networks which includes Amazon, DPD and TNT.</p>
Who is this product unsuitable for?	<p>Consumers - any natural person purchasing a policy which is unrelated to their trade and/or occupation Home Clearance or Removals Couriers &amp; Removers with a Goods in Transit Limit exceeding £50,000.</p>

Fair Value Assessment	
Fair Value Definition	<p>Fair value means the relationship between the overall price paid by the end customer and the quality of the product(s) and/or service(s) received.</p> <p>MGAM's fair value assessment considers value measures such as claims history, complaints, commission and fees, staff remuneration, barriers to complaints/claims/cancellation and premium finance arrangements.</p> <p>We have reached this conclusion after consideration of the price, benefits and features, available MI and the distribution chain involved (this is a non-exhaustive list).</p> <p>You should be satisfied that, in offering this product, it meets fair value expectations.</p>
Commissions/Fees	<p>Brokerage is variable with total earnings including the addition of any fees not permitted to exceed 29% of the gross premium ex IPT charged to the end customer.</p> <p>Commission percentages are in line with market standards.</p>
Premium	Suitable for a broad range of premium levels
Distribution chain value	The distribution strategy represents value for money, commissions and fees reflect services provided and there are no unnecessary intermediaries in the chain. The overall method of distribution is cost effective.

Distribution Method	
Distributions channels	The distribution is via a select number of UK regulated insurance intermediaries.
Delegated Authority	This product cannot be sold via sub delegated authority.
